

Dear Peter & Anne,

It seems like ages since I have been in contact and our boat celebrated her first birthday on the 19th November 2011 after living on it around the Carnarvon area for seven months. Noelene & I have just spent a week on the boat in the Shark Bay area where we have had Cinoni on a mooring since Easter when we spent a wonderful time with our grown children, partners and our two beautiful granddaughters. I had to share the scene with our boat anchored, with Dirk Hartog Island in the background and the unreal calm that we experienced for the seven days while on the boat. We lived on fresh fish, oysters and had some nice wine to compliment the offerings. We have thoroughly enjoyed our boat and love living on it. It has lived up to all the expectations we could have imagined.

Best wishes

John & Noelene Lewis
